

Agro Ally

AGENDA:

- Problems faced by farmers.
- What are the solutions that others had given in past.
- What are solutions that we are going to provide them .
- Application demo.
- Crop details.
- Insurance.
- Agro tips.

Problems faced by farmers:

- The main problem that we are concerned is about the sale of crops to the dealers.
- General market rates which are provided by Government are not totally implemented at root level.
- So to over come this problem we are developing this application for the benefits of farmers and our future generations.

What are the solutions that others had given in past:

- In past govt. has started some committees in India to overcome this problem.
- But it is not implemented all over the state due to the lack of knowledge of farmers and few inconveniences.

What are solutions that we are going to provide :

- Our application consists of a basic entry for any user without any login but the dealers have to login as a dealer .In the **Crops** section the dealer's crop rates information is stored in the database and displayed when the farmer is searching for the best deal . All the dealers list is displayed for him.The dealer is allowed to update the prices when the updates are to be done .In the **Insurance** section, the insurance of every crop is given and is updated in database periodically when there are any variations. In **Agro-tips** ,the farmers are given the best tips for the good crops and disease preventive measures.

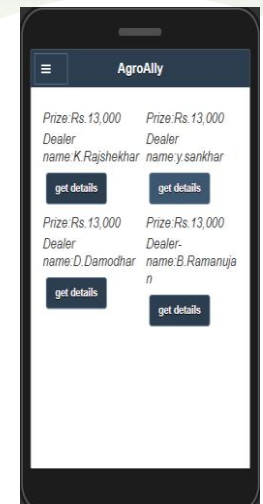

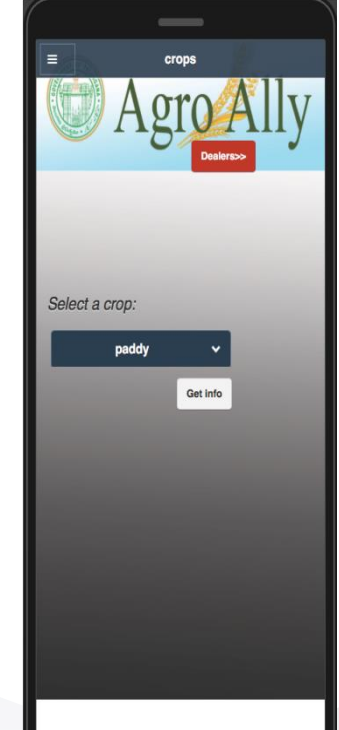

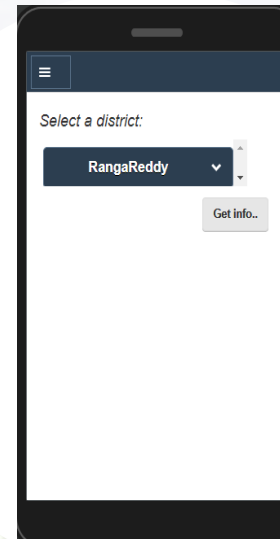

APP Demo:

The facilities which we are providing in our app...

Crop details:

- First farmer will enter into the crops and then he move into the district then the prices of the crop in that district will be shown in the app.

Insurance:

In this the periodical update of the amount that the government has provided to the crop will be updated.

Agro tips:

- Different suggestions like fertilizers , crop rotation ,etc. are provided to the farmers .
- The agricultural officers give these details regarding fertilizers, crop to be grown etc.

A person wearing a checkered shawl and a headscarf is walking away from the camera on a dirt path, carrying a long wooden pole across their shoulders. The path leads through a lush green field towards a line of trees in the distance. The sky is filled with large, dramatic clouds, with sunlight breaking through on the left side, creating a bright glow and long shadows. The overall mood is contemplative and serene.

**Any
Queries ? ? ?**

THANK YOU...
